**CHOICE WIRELESS, LC
TTY STATUS REPORT, OCTOBER 15, 2004**

Choice Wireless, LC ("Choice Wireless" or "Company") filed a Petition for Waiver of the TTY requirements on June 21, 2002.¹ The Amended Petition addressed the status of the Company's efforts to comply with the TTY requirements and requested an extension of the deadline until the Company is able to obtain the necessary financing to allow it to implement a TTY solution in the most efficient and expeditious manner.

Since its July, 2004 report, the Company continues to experience positive cash flow. The Company has ordered a new NORTEL switch which will include a TTY interface; it anticipates delivery and installation of this switch within approximately three (3) months. As reported previously, the Airmet site equipment requires significant upgrade to be TTY compliant.² The Company anticipates that, once the new switch is installed and tested, it will be in the position to order the Airmet TTY interface equipment. To initiate this process, the Company has requested a quote from Airmet, and anticipates that all necessary prerequisites to TTY compliance will have been accomplished by the first quarter of 2005, with final testing to occur shortly thereafter. The Company reports that it continues its efforts to raise funds through the sale of certain assets.

The Company reports that its July billings (mailed in August) contained the bill insert used in January 2004 to inform subscribers of the system's TTY limitations. The Company will continue to provide such notifications on a semi-annual basis until the Company has become TTY compliant. Choice Wireless continues to train its employees regarding how to explain the delay to potential new customers who use TTY devices.³ Choice reports that it has had no request for TTY services.

Respectfully submitted,

Alan Rohmer
Chief Financial Officer

¹ See Choice Wireless, LC, Petition for Waiver of Section 20.18(c) of the Commission's Rules and the Deadlines Established in the Fourth Report and Order, CC Docket No. 94-102, filed June 21, 2002 ("Petition"). The Petition was amended on October 21, 2003 ("Amended Petition"). The Amended Petition remains pending before the Commission.
